

Checklist to Watch for Common Scams

Before responding to any request:

- ☐ Is someone claiming to speak from an organization?
- ☐ Are they asking you to pay them in some form?
- ☐ Are they telling you to keep this transaction a secret?
- ☐ Are they offering something that seems too good to be true?
- ☐ Are they asking for a password or other login credential?
- ☐ Are they asking for gift cards, your credit card, or banking information?
- ☐ Are they pressuring you to act immediately?
- ☐ Do you feel suspicious in any way?

If you have checked even one box, stop and verify before taking any action. Keep this checklist handy for cases where you may feel suspicious of a scam.
